Fax: (503) 396-5936

Notice to Patient: Pure Serenity has established the following guidelines for our practice in order to protect our patients and staff:

- We are screening for Covid-19 symptoms at time of scheduling appointments, when reminder calling and when patients arrive for appointments
- We are requesting that patients limit visits to scheduled appointments or scheduled pickup of retail products.
- We are maintaining physical distance for our patients, visitors and staff
- We are limiting the # of patients in our office, to ensure that we only have one patient in the waiting room at one time
- We are emphasizing hand hygiene and the use of PPE for our patients, staff and healthcare providers
- We are providing proper infection control and disinfectant practices

I have read and fully understand all structures Pure Serenity has put in place to protect myself and others inside the Pure Serenity office during this Covid-19 time.
